

Dr. Eleni G. Papazoglou – Curriculum Vitae

AGRICULTURAL UNIVERSITY OF ATHENS (AUA)
DEPARTMENT OF CROP SCIENCE
LABORATORY OF SYSTEMATIC BOTANY
75 IERA ODOS st., 11855, ATHENS, GREECE

**Contact Details**

Telephone: +30 2105294315

web: <http://www.aua.gr>

email: elpapazo@aua.gr

Education

1. B.Sc. in Agriculture, Department of Crop Science, Agricultural University of Athens (AUA).
2. Ph.D. Thesis, Department of Natural Resources Management and Agricultural Engineering, Agricultural University of Athens (2000-2004: Irrigation with metalliferous water of the energy crop *Arundo donax* L. and its phytoremediation potential).
3. 2017-2020: Research fellow at the Centre for Environmental Sciences, Hasselt University, Belgium (<http://www.uhasselt.be/CMK-en>), under the supervision of Prof. Dr. Jaco Vangronsveld.

Awards and fellowships

1. 1987-1988: Special Postgraduate Scholarship- Department of Crop Science, AUA.
2. 1988-1990: Scholarship - [Public Benefit Foundation Alexandros S. Onassis](#).
3. 2006-2007: First grant of the [Scholars' Association- Public Benefit Foundation Alexandros S. Onassis](#).
4. 2007-2008: Second grant of the [Scholars' Association- Public Benefit Foundation Alexandros S. Onassis](#).
5. 2009-2010: Visiting Researcher - Georgia Institute of Technology, [School of Civil and Environmental Engineering \(CEE\)](#), Environmental Biotechnology Laboratory, Atlanta, USA.
6. 2013- Foreign member of the Commission of Medical Sciences of Polish Academy of Sciences.
7. 2016-2020: Appointed as contractual foreign consultant of the Chinese Academy of Science, Institute of Bast Fiber Crops (IBFC).
8. 2020- Member of the European's Commission EIP-AGR Focus Group on “ Sustainable industrial crops in Europe: new market opportunities and business models which do not replace food production (<https://ec.europa.eu/eip/agriculture/en/focus-groups/sustainable-industrial-crops-europe-new-market>)”.

Academic Position

Teaching and research associate, Laboratory of Systematic Botany, Department of Crop Science, Agricultural University of Athens.

Research Interests

- Applied Botany to environmental and energy technologies.
- Non-food crops with economic value that could be: (i) used for phytomanagment and rehabilitation of contaminated and marginal land giving economic revenue, and (ii) irrigated with heavy metal contaminated water and wastewater.

- Plant biodiversity of contaminated and marginal land.
- Investigation for new plant species of economic interest or new beneficial properties of non-cultivated plants.
- High biomass yielding plant species suitable for phytoremediation purposes.

Books and Scientific publications

BOOKS

1. **E.G. Papazoglou**, S. Kyritsis, Ch. Souter (1986). Greenhouse heating-Heat pumps EL.KE.PA, Athens.

International Workshop entitled: Best practices in biodiversity conservation and local livelihoods in Morocco, Marrakech – Morocco.
16. **E.G. Papazoglou** (2020). Exploitation of contaminated agricultural soils by the cultivation of industrial crops. National workshop entitled: Biomass and Agrarian Sector, Thessaloniki, Greece
17. **E.G. Papazoglou** (2020). Growing fiber crops on contaminated lands as feedstock for biobased economy. Webinar organized by the Association for the Advancement of Industrial Crops.

Research Activities

PARTICIPATION IN SCIENTIFIC RESEARCH PROJECTS: 18

RESENT AND ON-GOING PROJECTS:

- **JatroMed (2011-2016)** - Evaluation of the energy crop *Jatropha curcas* as a mean to promote renewable and sustainable energy for the Mediterranean region (www.jatromed.aua.gr). EuropeAid/128320/C/ACT/Multi (Grant Agreement No 2011/221037, ELKE Code no: 080002).

Contact person.

-**SPERCHIOS (2015-2017)** - Integrated environmental study and mapping for the improvement of the river basin management plans and the coastal zone of river Sperchios- (www.sperchios-project.gr). EEA GRANT, (Ref. OIK 140880/17-08-2015, Ministry of Reconstruction of Production, Environment and Energy, ELKE Code no: 86.0001). **Team member.**

-**BILATERAL RELATIONS (2015-2017)** of the project Integrated environmental study and mapping for the improvement of the river basin management plans and the coastal zone of river Sperchios, EEA GRANT, (ELKE Code no: 86.0002). **Team member.**

-**MAGIC (2017-2021)** - Marginal lands for Growing Industrial Crops: Turning a burden into an opportunity (<https://magic-h2020.eu/>). European Commission / Horizon 2020 (Grant Agreement No 727698, ELKE Code No: 080079). **Deputy coordinator.**

-**PANACEA (2017-2021)** - A thematic network to design the penetration path of non-food crops into European agriculture (<https://www.panacea-h2020.eu/>). European Commission / Horizon 2020 (Grant Agreement No 773501, ELKE Code No: 080083). **Deputy coordinator.**

-**FORTE (2019-2022)** - Supply and application of fiber crops for sustainable soil remediation and bio-based raw material production for industrial uses (<https://www.forte-project.gr/>). Bilateral and multilateral joint R&T collaboration between Greece and China / General Secretariat for Research and Technology (GSRT), under the Operational Programme “Competitiveness, Entrepreneurship and Innovation” (EPAnEk) 2014-2020. **Coordinator.**

PARTICIPATION IN COST ACTIONS

-COST 859: Phytotechnologies to Promote Sustainable Land Use and Improve Food Safety

-COST FA0901: Putting Halophytes to Work - From Genes to Ecosystems

-COST C27: Sustainable Development Policies for Minor Deprived Urban Communities

- COST CA15223: Modifying plants to produce interfering RNA (iPLANTA).

CONFERENCES INTERNATIONAL SCIENTIFIC COMMITTEE MEMBERSHIP

- International Conference on Environmental Management, Engineering, Planning and Economics, Greece.

-International Conference "Plant - the source of research material, Poland.

- International Congress on the Management of Mining Waste and Post-Mining, Morocco.

-Salon International Ruralité et Développement Durable en Méditerranée, Algeria.

-3rd International Symposium on Materials, Electrochemistry and Environment (CIMEE20), Lebanon.

REFEREE IN SCI JOURNALS (2004-TODAY)

- Environment International (Impact Factor: 7.577)
- Environmental Pollution (Impact Factor: 6.792)
- Chemosphere (Impact Factor: 5.778)
- Journal of Hazardous Material (Impact Factor: 9.038)
- Industrial Crops and Products 68: 42-49 (Impact Factor: 4.244)
- European Journal of Soil Biology (Impact Factor: 2.285)
- Industrial & Engineering Chemistry Research (Impact Factor: 3.573)

- Ecotoxicology and Environmental Safety (Impact Factor: 4.872)
- Environmental and Experimental Botany (Impact Factor: 4.027)
- New Biotechnology (Impact Factor: 4.674)
- International Journal of Phytoremediation (Impact Factor: 2.528)
- Environmental Science and Pollution Research (Impact Factor: 3.306)

MEMBERSHIPS

- Foreign member of the Commission of Medical Sciences of the Polish Academy of Sciences.
- International Phytotechnology Society (IPS)
- Association for the Advancement of Industrial Crops (AAIC)
- World Bioenergy Association (WBA)
- Hellenic Society of Agricultural Engineers (EGME)
- Hellenic Biomass Society (HELLABIOM)
