

CURRICULUM VITAE
GEORGIOS TH. PAPADOULIS
PROFESSOR OF AGRICULTURAL ZOOLOGY AND ENTOMOLOGY
AGRICULTURAL UNIVERSITY OF ATHENS

PERSONAL DATA

Born in Phylakti Co. Karditsa, in 1957. Married, one child.

Work address: Laboratory of Agricultural Zoology and Entomology, Department of Crop Science, Agricultural University of Athens, Iera Odos 75, 118 55, Athens, Greece.

Tel.: ++30 2105294589

Fax: ++30 2105294572

e-mail address: gpapadoulis@aua.gr

EDUCATION

The Athens College of Agriculture (Now Agricultural University of Athens, Greece): 1980-1985.

Major: Plant Production. Degree: M.Sc. Mark: Very good (8,24).

Dissertation title: Studies on microarthropods associated with lucerne in Greece (in Greek).

Agricultural University of Athens (Greece): 1987-1992.

Major: Agricultural Zoology-Acarology. Degree: Doctor of Agricultural Sciences (Ph.D.)

Thesis: Contribution to the study on the morphology and systematics of the family Phytoseiidae (Acari: Mesostigmata).

University of Thessaly, Volos, Greece, January 1993: Seminar on the control of aphids and aphid-borne viruses with emphasis on biotechnological methods.

SCOLARSHIPS - AWARDS

Greek National Scholarships Foundation: 1980-1985 (during my studies in Athens College of Agriculture).

Ministry of Education, Greece. Scholarship awarded during my post graduate studies in Agricultural University of Athens (1987-1992).

D.A. Chant Fellowship from Indira Publishing House, Michigan U.S.A.

Academy of Athens Award for the book "Phytoseiidae of Greece and Cyprus (Acari: Mesostigmata)" 2009.

SCIENTIFIC – PROFESSIONAL SOCIETIES

Hellenic Entomological Society

Hellenic Zoological Society

Hellenic Range and Pasture Society

Systematic and Applied Acarology Society (London, England)

European Association of Acarologists (EUR.A.AC.)

Geotechnical Chamber of Greece

ACADEMIC POSITIONS

Agricultural University of Athens

Department of Crop Science

Laboratory of Agricultural Zoology and Entomology

Expert in: Agricultural Zoology – Acarology

Lecturer 1/6/1995 until 20/8/2000

Assistant Professor 21/8/2000 until 21/1/2007

Associate Professor 22/1/2007 until 8/2012

Professor 9/2012 until today

TEACHING EXPERIENCE

a. Agricultural University of Athens

Lecturer (1995-2000), Assistant Professor (2001-2006) and Associate Professor (2007-today)

Undergraduate Studies

1. General and Systematic Agricultural Zoology and Entomology, 2nd semester, in all Departments.
2. General and Systematic Agricultural Zoology, 2nd semester, Department of Crop Science.
3. General and Systematic Agricultural Entomology, 4th semester, Department of Crop Science.
4. Agricultural Entomology and Zoology, 7th semester, Department of Crop Science.
5. Agricultural Entomology, 8th semester, Department of Crop Science.
6. Agricultural Zoology and Entomology, 9th semester, Specialization of Plant Protection and Environment, Department of Crop Science.
7. Pests and diseases of ornamental plants 9th semester, Specialization in Floriculture

and Landscape Architecture, Department of Crop Science.

8. Fauna of natural ecosystems, 4th semester.

Postgraduate Studies – Department of Crop Science.

1. Special topics in agricultural zoology.
2. Biological control of crop pests.

b. Cyprus University of Technology

Agricultural Zoology, 2nd semester 2008-09, Department of Agriculture Science, Biotechnology and Food Science.

c. University of Thessaly

Postgraduate Studies – Department of Agriculture Crop Production and Rural Environment

Biological control of crop pests, January 2009.

SCIENTIFIC CONGRESSES

1. 1st Panhellenic Entomological Congress, Athens, Greece, November 6-8, 1985.
2. 2nd Panhellenic Entomological Congress, Athens, Greece, November 11-13, 1987.
3. 4th Panhellenic Entomological Congress, Volos, Greece, October 14-17, 1991.
4. 5th Panhellenic Entomological Congress, Athens, Greece, November 8-10, 1993.
5. 6th Panhellenic Entomological Congress, Chania, Greece, October 31–November 3, 1995.
6. 7th International Congress of the Zoogeography and Ecology of Greece and adjacent regions. Athens, Greece, April 1-5, 1996.
7. 1st Grassland Congress, Drama, Greece, November 6-8, 1996.
8. 7th Panhellenic Entomological Congress, Kavala, Greece, October 21-24, 1997.
9. 8th Panhellenic Entomological Congress, Chalkida, Greece, November 2-5, 1999 (Secretary of the Organizing Committee).
10. 15th International Congress on the Science and Cultivation of Edible Fungi. Maastricht, Netherlands, May 15-19, 2000.
11. 2nd Grassland Congress, Ioannina, Greece, October 4-6, 2000.
12. 9th Panhellenic Entomological Congress, Ioannina, Greece, November 13-16, 2001 (Member of the Organizing Committee).
13. VII European Congress of Entomology, Thessaloniki, Greece, October 7-13, 2002 (Member of the Organizing and Scientific Committee).
14. 1st Scientific Congress of Apiculture and Sericulture, Athens, Greece, November 29-December 1, 2002.

16. International Conference on Urban Horticulture. Wädenswil (University of Applied Science Wädenswil), Switzerland, September 2-6, 2002.
17. European Meeting of the IOBC “Integrated Control in Viticulture”. Volos, Greece, March 19-22, 2003.
18. 1st International Conference on Turfgrass Management and Science for Sport Fields, Athens, Greece, June 2-7, 2003 (Member of the Scientific Committee).
19. 2nd International Symposium on Plant Health in Urban Horticulture. Berlin, Germany, August 27-29, 2003.
20. 10th Panhellenic Entomological Congress, Irakleion, Greece, November 4-7, 2003 (Member of the Organizing Committee).
21. 5th Symposium European Association of Acarologists. Berlin, Germany, July 26-30, 2004.
22. ISHS, 5th International Symposium on Artificial Lighting in Horticulture. Lillehammer, Norway, June 21-24, 2005.
23. ISHS, International Symposium on Growing Media. Angers, France, September 4-10, 2005.
24. 11th Panhellenic Entomological Congress, Karditsa, Greece, October 11-14, 2005 (Member of the Scientific Committee).
25. 12th Panhellenic Entomological Congress, Larnaca, Cyprus, November 13-16, 2007.
26. ISHS, VI International Symposium “New Floricultural Crops”, Madeira, June 11-15, 2007.
27. ISHS, Symposium on Woody Ornamentals, Pruhonice, Czech Republic, May 26-30, 2008.
28. 13th Panhellenic Entomological Congress, Alexandroupoli, Greece, November 3-6, 2009.
29. ISHS, Eucarpia. Leiden, The Netherlands, August 31 – September 5, 2009.
30. 28th International Horticultural Congress, Lisbon, Portugal, August 22-27, 2010.
31. 14^o Panhellenic Entomological Congress, Nafplio, Greece, October 11-14, 2011.

PARTICIPATION IN RESEARCH PROJECTS

1. “Integrated Management of Aphids and Aphidborne Viruses with Emphasis on Biotechnological Methods” (STRIDE HELLAS 143).
2. Biological control of pests by mites (Greek Secretariat of Research and Technology - PENED 91 ED 267).
3. Possible application of the epicuticular natural products of *Dittrichia viscosa* for the integrated management of diseases, pests, extensive water losses and increased dose of UV-B radiation (Greek Secretariat of Research and Technology - PENED 1999).

ADVISING POST GRADUATED COMMITTEES – M.Sc. and Ph.D. Thesis

Ph.D.'s

1. George Papadopoulos: “Studies on bio-ecology of predator mite *Typhlodromus (Amblydromella) foenilis* Oudemans (Acari: Phytoseiidae)” as supervisor. (completed)
2. Stelios Bouras: “Studies on biology and feeding habits of endemic predator mites of the family Phytoseiidae” as supervisor. (completed)
3. Paraskevi Kolokytha: “Studies on biological parameters and feeding habits of the predatory mite *Typhlodromus (Amblydromella) athenas* Swirski & Ragusa (Acari: Phytoseiidae)” as supervisor. (completed)
4. Nikolaos Palyvos: “Contribution to the study of stored product mites in Greece” as a member of the committee. (completed)
5. Eleni Malandraki: “Contribution to the study of morphology and systematics of super family Eriophyoidea (Acari: Prostigmata) in Greece” as a member of the committee.
6. Georgios Broufas: “Study of the ecology of *Euseius finlandicus* (Acari: Phytoseiidae)” as a member of the examining committee. (completed)
7. Maria Giannelli: “The effect of vegetational diversity and soil moisture on arthropod communities in experimental and natural Mediterranean grasslands” as a member of the committee. (completed)
8. Maria Pappas: “Studies on ecology of the predatory lacewing *Dichochrysa prasina* Burmeister (Neuroptera: Chrysopidae)” as a member of the examining committee. (completed)
9. Vassiliki Evangelou: Molecular methods for the determination and the investigation of the genetic diversity of mite species of the family Phytoseiidae (Acari: Mesostigmata) (in progress)
10. Theodoros Stathakis: Morphology and systematics of the families Stigmaeidae, Cunaxida (Acari: Prostigmata) and Phytoseiidae (Acari: Mesostigmata) (in progress)

M.Sc.'s

11. Stelios Bouras: “Contribution to the study of biology and feeding habits of mites of the family Phytoseiidae” as supervisor. (completed)
12. Panagiotis Eliopoulos: “Studies on morphology and taxonomy of the family Cheyletidae (Acari: Prostigmata) in Greece” as supervisor. (completed)
13. Paraskevi Kolokytha: “Contribution to the biology and feeding habits of *Typhlodromus cotoneastri* Wainstein (Acari: Phytoseiidae)” as supervisor. (completed)
14. Stamatis Karahalios: “Qualitative and quantitative study of mites associated with the

- cultivation of the mushroom *Pleurotus ostreatus*” as supervisor. (completed)
15. George Psycharis: “Qualitative and quantitative study of mites associated with different varieties of cotton” as supervisor. (completed)
 16. Panagiota Sionti: “Studies on the morphology and taxonomy of the family Cunaxidae (Acari: Prostigmata) in Greece” as supervisor. (completed)
 17. Stella Skanneli: “Study of mites associated with cotton cultivation” as supervisor. (completed)
 18. Vassilis Tsoukanas: “Effect of temperature on development and oviposition of the predator mite *Amblyseius* (= *Iphiseius*) *degenerans* (Berlese) (Acari: Phytoseiidae)” as supervisor. (completed)
 19. Aikaterini Zachari: “Sensitivity of *Typhlodromus* (*Amblydromella*) *foenilis* (Acari: Mesostigmata) to copper oxychloride and propargite, in laboratory conditions” as supervisor. (completed)
 20. Athanasios Karadimos: “Seasonal fluctuation of the pine moth *Thaumetopaea pityocampa* (Lepidoptera: Thaumetopaeidae) on urban pine trees” as supervisor. (completed)
 21. Maria Grammatikaki: “Functional response of the predator mite *Typhlodromus athenas* Swirski and Ragusa on *Tetranychus urticae* Koch” as supervisor. (completed)
 22. Vassiliki Evangelou: “Molecular markers for discrimination between populations of the insect species *Macrolophus pygmaeus* and *Macrolophus melanotoma* (Hemiptera: Miridae)” as supervisor. (completed)
 23. Theodoros Stathakis: “Mites of the family Phytoseiidae (Acari: Mesostigmata) on native plants in Crete Island” as supervisor. (completed)
 24. Georgia Giona: Phytophagous and predatory mites of ornamental plants of urban green (in progress)

ADMINISTRATIVE ACTIVITIES

1. Member of the Senate of the Agricultural University of Athens as representative of the postgraduate students, academic years 1991-1992 and 1992-1993.
2. Member of the General Assembly of the Department of Crop Science as representative of the postgraduate students during the academic 1990-1991, 1991-1992 and 1992-1993.
3. Member of the Senate of the A.U.A. as representative of the Department of Crop Science during the academic years 2001-2002 and 2007-2008.
4. Member of the General Assembly of the Department of Crop Science from 1995 until today.
5. Member of the Governing Board of the Hellenic Entomological Society from 1997 until 2003.

6. President of the Governing Board of the Hellenic Entomological Society 2004-2005 and 2006-2007.
7. President of the Governing Board of the Association of Teaching and Research Staff of A.U.A. during the year 2009.
8. Vice president of the Department of Crop Science during the academic years 2009-2010 and 2010-2011.
9. Head of Sector of Plant Protection and Environment during the academic year 2010-2011.
10. Chair of the Faculty of Crop Science during the academic years 2013-2014 and 2014-2015.

REVIEWER IN INTERNATIONAL SCIENTIFIC JOURNALS

1. International Journal of Acarology
2. Entomologia Hellenica
3. Acta Horticulture

RESEARCH ACTIVITIES

1. Systematic, Biology and Ecology of phytophagous, predatory and free living mites of the families: Tetranychidae, Tenuipalpidae, Eriophyoidea, Tarsonemidae, Phytoseiidae, Stigmaeidae, Cunaxidae and Cheyletidae.
2. Biology and Ecology of microarthropods in pastures.
3. Mites and insects of stored foods: Identification, Biology, Ecology and Control.
4. Integrated Pest Management of field and greenhouse vegetables, cotton, tobacco, lucerne and citrus.
5. Effects of host plant on phytophagous insects, mites and their natural enemies.
